Of course. And thank you for your speed in putting together the referral. I would like to get a really good result for EPA (and the CG).

And it took me a second to put two and two together to realize that Gold King Mine is of course the big spill you guys are dealing with that happened a few days ago, rather than some other enforcement case.

Good luck. What an ordeal, I'm sure.

I think that will work just fine. I am sending Jamie a draft this afternoon and hope to have it in concurrence by the beginning of next week. I took your advice and kept it simple and straight forward. If you need more information, we will be happy to provide it. Thank you again for your patience.

Thanks for your conscientiousness, Amy. I know they keep you busy over there.

Is this blurb sufficient for your purposes?:

# Attorney Client/Ex. 5

Emily,

I am working on the referral and have it more than half way done, but needed a line or two about the existing referral from the Coast Guard to tie it to that piece. Do you mind sending me a blurb to insert for that piece. Any help is greatly appreciated. Also, as if there haven't been enough delays in getting this done, I am now working on the Gold King Mine site. I don't know yet how much that will delay getting this done, but I will do my best to get you something as quickly as possible.

Amy
